WHY Join the Chamber?

The Claresholm & District Chamber of Commerce is a voluntary business organization supported by its member firms to **promote local business** and **ensure a strong economy**. The Chamber enables businessmen and women to accomplish collectively what no one of them could do individually, creating a pool of resources from which one can draw ideas, energy and finances.

Your local Chamber **provides a powerful voice** on behalf of the business community; it speaks out on issues such as taxes, transportation and education that affect your business. As a member of your local Chamber you make that voice even stronger to speak on your behalf. Your membership investment allows your local Chamber to be a resource of information and services for the business community and the region that it serves. Many businesses both small and large support the chamber because it is simply good business.

In addition to being the voice of business, it typically provides its member firms **a host of benefits** designed to gain visibility, provide resources and tools to help in the daily operation of your business. The

Chamber is constantly striving to provide value for members and is always open for suggestions.

The Claresholm & District Chamber of Commerce has been a part of the Claresholm business community for over 30 years.

The Chamber supports many of the annual events in Claresholm including the Mexican Fiesta, Claresholm & District Fair Days, Old-Fashioned Christmas, Canadian Senior Pro Rodeo Finals, and the Town and Country Trade Fair. We also partner with the Town of Claresholm Economic Development Committee on projects that bring more focus to our community.

The Chamber is proud of the three beautiful murals we initiated and had created, Ringrose Park was another big Chamber project in our downtown that give shoppers a place to sit and relax while visiting our downtown, and the Hanging Flower Basket program is an annual project the Chamber co-ordinates to help beautify our downtown.

Members of the Claresholm Chamber can participate as much or as little as they like. We are governed by a Board elected by our active members. The Board sets policy and represents the members' interest by being the voice of business.
